

Week of February 20-24, 2017

World Cultures with Mrs. Salcido

We are starting lesson 2 this week looking at Ancient Egypt. Students were given an Extra Credit Crossword Puzzle last week that will be due March 3rd. It is an independent WS and students may use resources from the internet, their book, etc. to help them find the words to go in the puzzle. This is an optional extra credit worksheet - they can choose to complete it or not. The WS will be counted as a test grade.

This week on Friday we will have a map test over the 5 countries, 3 bodies of water, and the Suez Canal. It should be an easy map test for students.

Next week we will have a vocabulary test over Ch. 18 words.

Make it a great week.

What's Happening in ELAR with Mrs. Walton

This week students will begin looking in detail at different types of organizational structures for text - cause and effect, compare and contrast, problem-solution, description, and chronological - and when to use each type of structure.

Students also have independent study this week, due Friday.

Math with Mrs. Cooper

We tested Module 13 today. We will begin Module 14 tomorrow. This module will have us graphing on a coordinate plane and learning about independent and dependent variables in tables and graphs. We will then write equations to represent relationships between these quantities.

This module has 4 lessons so we will be working on these lessons through next week.

Have a great week.

Science with Mrs. Miller

This week Mrs. Meeks and I will do a collaborative project over Machines! Grade will count for computer and science class so do your very best! =)

We will finish up Unit 6 this week with the Unit Review and Test.

I'll use Remind to notify you of homework.

**TRACK AND
FIELD**

**FIRST TRACK MEET IS
FRIDAY FEBRUARY 24TH
IN SOMERVILLE**

LET'S GO BEARS!!!

**Computer with
Mrs. Meeks**

We have a busy week coming up! We have to finish Factors that Influence Countries and present that to the class. We also have to begin Edheads simple machines which is a cross curricular study with Science. Once again you will receive two grades for one project!

We also begin our April home budget. It is time to get paid. Plus continuing our email assignments!

We will be busy, busy, busy, so get ready to work!

Dear Parents and Students,

We begin the fifth six weeks grading period today! Report cards will be sent home Wednesday. Thirteen weeks of school until summer vacation but these will be some of the busiest weeks of the year. Help your child to keep up with everything that is going on here at GISD.

Junior High students will be going on a field trip this Thursday. More information will be sent home today in a separate form. Remember March 1st Spring Pictures will be taken. These are sold on a proof basis so no money will have to be turned in until the order is placed. Spring Break will be March 13th through March 17th.

Be sure to check the Gause website for more of the latest news and updates from our school. Make sure you join Remind101 to receive messages from your child's teacher; and be sure to check the Parent Portal for information about your child's grades and attendance. Have a great week!
